Small slide near Abundance

Date
Fri, 02/03/2023 - 01:15
Activity
Snowbiking

We triggered this very small slide on a steep convex rollover by mt abundance. South facing. Triggered from on top by snow bike. Was only 60’ wide and didn’t run far at all. About a foot deep. Some impressive high mark tracks in the area. No other signs of instability today.

Region
Cooke City
Location (from list)
Mount Abundance
