Skier remote trigger in Wolverine Bowl

Wolverine Bowl
Bridger Range
4/5/2023
Code
SS-AS-R2-D1.5
Elevation
8000
Aspect
SE
Latitude
45.83010
Longitude
-110.93400
Notes

Skinner triggered slide north of the hourglass. Run name unknown. Remotely triggered from ridge line; snowboarder said he was skinning 35 feet away from trigger point; no one buried. I also observed point releases as I was skinning up to texas meadows; snow seemed to change quickly under blue skies and increasing temperature. Slide ran in front of me, taking out the skin track.

Number of slides
1
Number caught
0
Number buried
0
Avalanche Type
Soft slab avalanche
Trigger
Skier
