Big Slide on Eaglehead Mountain right below the radio tower

Date
Thu, 03/07/2024 - 13:20
Activity
Snowbiking

Big slide below the radio tower. Kept our distance but looks like a large crown. The base up Portal is really inconsistent. Some spots it’s great and others you sink up to your chest. Had 4 instances of whompfing on fairly flat ground in the trees. 1st picture is from today and 2nd is from Sunday

Thanks for all your hard work!

Region
Northern Gallatin
Location (from list)
Portal Creek
Observer Name
Glenn Edwards
