

## Small slabs forming, Two top

Date

Fri, 03/01/2024 - 17:35

Activity

Snowmobiling

Out with the Ride Rasmussen trip and found some test slopes to Sled cut.

Was able to produce some cracking and small slabs. S/SW aspect 7800.

Moderate to heavy snow throughout the day. New snow varies from 5"-10" in the deeper drifted locations.

Region

Island Park

Location (from list)

Two Top

Observer Name

Slabs on two top
